

Steel Seizure Talks Begin

Court Hears Arguments Of US, Steel

Washington, May 12—(AP)—The Supreme Court was told today the government is a "mere trespasser" and that President Truman had no right, either in law or under the constitution, to seize the steel mills.

But administration lawyers contended that, under the constitution, Truman not only had the right—but the duty—to take over the plants and head off a nation-wide steel strike.

The nation's highest court heard more than three hours of argument on this question:

"How can a president go in seizing private property?"

So great was the interest in this question that four times as many people showed up as could be accommodated. Only about 250 could be seated in the Marble hall. All the seats were taken long before the session opened, and the crowd was lined along the roof.

Arguments tomorrow will wind up the hearing. There was no indication when the court may hand down its verdict or whether, when it does, it will rule on the broad constitutional issue. Presumably it could decide the case on lesser points.

Arguments Used Before

Most of the arguments advanced today have been used before, either in the lower courts or in the various briefs filed by the lawyers. Boiled down, here they are:

For Steel

Its case was advanced by John W. Davis, white haired, 79-year-old one-time Democratic presidential candidate. (He was beaten by Calvin Coolidge, 23 years ago.)

Davis said that when Truman seized the plants the night of April 8 he was acting illegally, that no law nor any part of the constitution gave him the right to seize this property.

Actually, Davis said, Truman could have stopped the strike by using the Taft-Hartley law, according to Davis, seizure could cause his companies irreparable harm, especially if Secretary of Commerce Sawyer should negotiate a contract with the 650,000 CIO Steelworkers.

"A mere trespasser," was the way Davis described Sawyer.

Perman Represents Government

For the Government—

Its arguments were presented by Philip B. Perlman, 62, acting attorney general who appeared in court wearing a cutaway coat.

Perlman insisted that under the constitution the president is commander-in-chief, and must obey the law and protect the security of the country.

Many presidents, Perlman said, have seized property in times of emergency even though they lacked the statutory right to do so.

He conceded that Truman could have used the Taft-Hartley act, but said that by presenting the case to the Wage Stabilization Board, he already had used "an alternative method."

"The facts are uncontradicted," Perlman said, that (when the mills were seized) the country faced not merely an emergency but a threat to its very existence."

Economist Thinks Land Values Stable On Illinois Farms

Chicago, May 12—(AP)—A University of Illinois economist said today that record high Illinois land values are "pretty well cushioned" against forces tending to decrease their worth.

In a statement issued by the University, C. L. Stewart, college of agriculture economist, said he believes the present trend toward lower net farm incomes will outbalance forces favoring further rise and that a "leveling off" at farm land prices may be expected.

Stewart cautioned, however, that unpredictable events like a "shooting" war with Russia or a drought could bring about sharp and unexpected changes.

The economist said the average price for an acre of Illinois farm land was \$224 last March. This figure, he said, is \$50 higher than two years ago.

US AND RUSSIA WORK TOGETHER IN IRAN TO FIGHT LOCUSTS

Tehran, Iran, May 12—(AP)—Despite the east-west cold war elsewhere, the U.S. and Russia were working as partners in Iran today in a common fight against the grim locust invasion.

Both countries, cooperating with the Iranian agriculture ministry, have contributed men and equipment to stem the destructive advance of the insects. One-third of the country is reported to be affected.

According to the best sources, Russia has sent 10 light planes, 32 technicians and pilots, and several tons of locust poison to fight the pests destroying the country's vegetation.

The Soviet planes arrived yesterday, while the American equipment has been available for some time.

The U.S. contribution includes eight planes, four pilots who are training 12 Iranian flyers, and many tons of airborne anti-locust spray. Six of the eight planes were given to Iran at the end of last year's point four program for underprivileged countries.

The American group, called a field operational force, does not include scores of other American scientists and technicians who are constantly working and planning against such plagues as the locusts.

The Russian planes are dusting and spreading poison in the infected areas in Kerman province, in south-eastern Iran, while the Americans are operating in the Fars area of southern Iran.

Warplanes Strafe Red Supply Lines; Make Heavy Raids

Seoul, Korea, Tuesday, May 13—(AP)—Allied warplanes smashed again Monday at the Communist supply routes in Korea. They concentrated on the battered main rail lines leading northwestward to Manchuria.

Twenty-eight new cuts were reported in the vital Kanggye-Sinanju link near Huihchon. It was another saturation raid aimed at preventing quick repairs by swarms of Communist laborers.

U.S. marine pilots scorched Communist front line positions with fire bombs and strafing runs.

The Eighth army reported sporadic patrol clashes along the battlefield, the Reds making probing thrusts on the central and eastern fronts.

(The Navy announced in Washington three men were killed and five wounded when Six Communist shells hit the destroyer James C. Owens off Northeast Korea May 7.)

Steel Union Opens Convention To Map New Strategy

Philadelphia, May 12—(AP)—The giant CIO Steelworkers union opens a week-long convention tomorrow to review its labor battle with the vast steel industry and map new strategy in the continuing fight.

The more than 2,500 convention delegates gathered for the meeting with one eye cocked on the supreme court in Washington. Government and industry attorneys clashed there over the legality of President Truman's seizure of the industry to avoid a strike.

An outstanding highlight of the officers' report to the convention was a discussion of the general economic picture. This said that while the nation's economy appeared healthy for the immediate future, this depended to a considerable degree on maintenance of military and foreign aid expenditures.

The officers' report also called for "vigorous energy and zeal" in aiding the CIO's political action committee in its 1952 presidential election activities.

Airline Flights Cut A Third By Oil Strikes

By The Associated Press

The oil strike cut into service on the commercial airlines.

Capitol Airlines canceled six flights today and said it will drop 35 tomorrow, representing about a third of its total service. Eastern Airlines canceled only daily round trip between Philadelphia and Washington. United Airlines said it is consolidating flights and will continue to serve all cities on its routes but on a curtailed basis. TWA air cargo canceled 25 flights a week.

Twenty-five flights from Idlewild airport, New York, were canceled today. At LaGuardia Field, Eastern Airlines canceled 20 flights and Northeast Airlines cut out 16.

May Invoke T-H Law In Oil Strike

Washington, May 12—(AP)—President Truman was reported today to be ready to invoke the Taft-Hartley law's strike-stopping court injunction provisions unless the oil strike is settled soon.

Informed officials said the White House was awaiting the outcome of a meeting tomorrow between oil industry representatives and the striking unions before the Wage Stabilization Board.

The oil strike of 90,000 workers, now in its 13th day, has caused curtailment of both military and civilian flying. However, record petroleum stocks before the strike began have kept strike effects to a minimum.

In Britain, the British European Airways cut passenger service to the continent. Both Britain and the United States asked all-nations to conserve dwindling aviation gasoline supplies. Many countries depend on the U.S. for plane fuel.

Truman was reported on the verge of invoking the T-H emergency provisions last week, but was persuaded to see if the WSB, at its meeting tomorrow, can find some way to bring about settlement of the wage dispute.

Under the T-H law, Truman would appoint a fact-finding board to give him a report on the dispute, without recommendations for settlement. On receiving the report, that an emergency situation exists, the president could direct the justice department to seek an 80-day injunction to stop the strike.

About the only hope of an oil settlement, without using the T-H law, was that the WSB, in acting on a handful of small oil industry settlements, may point the way for other agreements.

A number of agreements pending before the WSB for approval call for wage boosts of from 15 to 18 cents an hour. Industry members of the WSB contend the workers are entitled to only a 10-cent hourly increase under Stabilization rules.

Labor officials said that if, in acting on the pending cases, the WSB pared down the wage raise nearer the 10 cent figure, a rash of new settlements might be promoted, thereby ending the strike.

Ask For Highway Along Route Of 'Father Of Waters'

Washington, May 12—(AP)—Rep. Martin (R-Ia.) today urged prompt approval of a bill to authorize a Mississippi river parkway which would follow the river from its source in Minnesota to the Gulf of Mexico.

Martin told the House Public Works committee it is important that the project be authorized now so that planning work can get under way.

Rep. Simpson (R-Ill.) also submitted a statement to the committee in support of the legislation.

A. P. Greensfelder of St. Louis, chairman of the Mississippi river parkway planning commission, testified the plan contemplates use of present highways for 60 per cent of the route.

"Such a highway could eventually become as great as the river itself," Greensfelder said. "Travel trade will seek it, it will connect the lakes and locks of the north with the broad fields of the south. It will bring markets to the farmers' gates."

Import Of Bone Meal Restricted To Curb Anthrax

Washington, May 12—(AP)—The agriculture department reported today it plans to restrict the importation of raw bone meal and bones for livestock feed in a move to help prevent the spread of anthrax disease among livestock.

Under the regulations, which will be issued soon, the only firms to be allowed to import the products will be those approved by the government for further processing and destruction of possible disease germs.

The department said proper steam cooking will destroy harmful organisms.

The department's action will be taken because of a recent serious outbreak of anthrax among hogs in the midwest—particularly Ohio, Indiana and Illinois.

This outbreak was traced to a mixed feed containing bone meal and meat scraps. The meal had been imported.

In a letter to state sanitary livestock officials, Dr. B. T. Simms, chief of the department's Bureau of Animal Industry, emphasized that the regulation "cannot be effective in preventing anthrax from domestic sources."

HOW MUCH WILL NINE CENTS BUY?

Indianapolis, May 12—(AP)—There's one Indianapolis motorist who's not taking any chances on the oil strike.

He told a Sunoco attendant today to "fill 'er up."

Orders Probe In Radio, TV, Comics, For Offense

Washington, May 12—(AP)—The House today ordered a double-barreled investigation into crime in radio-TV programs and fifth in books, magazines and comic publications.

Only 31 of 435 House members were present as the Chamber passed resolutions calling for the twin inquiries. Both actions were by voice vote.

The resolutions were sponsored by Rep. Gathings (D-Ark.) who complained that juveniles are being fed too strong a diet of murder and violence on the radio-TV shows and "immoral, obscene or otherwise offensive matter" in printed form.

Gathings told newsmen he had no intention of setting up any "censorship," but he declared:

"I am concerned by the prevalence of dirty literature available at cheap cost to almost any kid in the country."

The "current literature" probe will be made by a special nine-man committee to be named by speaker Rayburn (D-Tex.), with three members from the judiciary committee, three from the postoffice committee and three from the House at large.

Both committees are directed to report their findings to the House, along with recommendations for legislation to keep objectionable material off the bookstands and air waves.

Reps. Hoffman (R-Mich.), Gross (R-Iowa), Hollifield (D-Cal.) and McCarthy (D-Minn.) suggested the investigation might violate the constitutional guarantee of free speech and a free press.

"We are on dangerous ground in this whole procedure," McCarthy said, declaring it might encroach on "the right of an individual to think for himself and choose for himself."

Gathings told the House he was particularly disturbed by the contents and illustrations in comic books and paper-bound pocket-sized books.

Gathings said a one-week survey of radio and television programs carried between 6 p.m. and 9 p.m., when there is a large juvenile audience, depicted 91 murders and numerous other crimes.

Rep. Miller (R-Neb.) cautioned that it is "very dangerous to say what cannot be taught, or seen, or heard."

The radio-TV investigation will "determine the extent to which the radio and television programs currently available to the people of the United States contain immoral or otherwise offensive matter or place improper emphasis upon crime, violence and corruption."

The radio-TV investigation will be carried out by the Federal Bureau of Investigation, which will be assisted by the Federal Communications Commission.

As he did in a cable to Sen. Connally (D-Tex.), Eisenhower said he could speak only for Western Europe, where he commands the North Atlantic treaty forces. The Connally cable was made public last Thursday.

"It is clear, however," he told Russell, "that retardation in the use of forces which would be necessitated by a cut of the size already proposed would have what necessarily be classed as a substantial impact in this area."

"We would of course attempt to make adjustments compensating for this action but would expect to encounter a series of difficult problems."

"While I am unable to establish the level at which these retardations could be classed as directly damaging to the security of the United States, I am sure that at the billion mentioned their effect would be profound both in discouraging our friends and in encouraging those potentially hostile to us."

Eisenhower is giving up the North Atlantic command June 1, slightly more than a month before the GOP national convention, and is returning to the United States.

McCarthy Hearing Halted By Fear Of Kickback Laws

Washington, May 12—(AP)—An unexpected reference to "kickbacks" interrupted a public hearing begun today by a Senate elections subcommittee to determine whether grounds exist for expelling Sen. McCarthy (R-Wis) from the Senate.

Members of the subcommittee went into closed session after they were advised by their counsel, John P. Moore, to bear in mind laws concerning "kickbacks" which has been referred to as "kickback."

Behind closed doors, the senators decided to suspend their public examination of McCarthy's debts for the time being and develop the facts surrounding a \$10,000 fee paid to the Wisconsin senator in 1948 by the now defunct Lustron corporation for an article on housing.

The subcommittee had been told that McCarthy owed the Appleton, Wis., State bank \$72,943.96 when he received the \$10,000 from Lustron.

Chairman Gillette (D-Iowa) and other members of the committee questioned the propriety of inquiring into McCarthy's financial affairs without some prior assurance that it was germane to their investigation.

"You gentlemen will want to weigh the impact of statutes known to you all," Moore said in support of his line of questioning.

Reds Warn Reprisals In W. Berlin

Berlin, May 12—(AP)—East German Communists today threatened a harsh new cold war and Russian reprisals against West Berlin if the Bonn government signs the proposed peace contract with the West.

A full Soviet-inspired campaign got under way to keep West Germany from rearming in the western European defense camp. It carried with it predictions that East Germany, in return for such a move, would become a full-fledged, re-armed satellite in the communist.

East German Deputy Prime Minister Walter Ulbricht, Moscow-trained Hachet-man in the Soviet zone Politburo, told 300 reporters here his government would oppose measure for measure "with scientific exactness" any move by West Germany to put 400,000 soldiers in the proposed European army.

He added ominously that "the day the peace contract is signed, West Berlin will learn its consequences."

Whether this would be a repetition of the 1948 Berlin blockade, he said, is up to the Soviet control commission.

Ulbricht called the unusual news conference for East and West journalists to harangue them for two hours with bitter denunciations of Allied plans for what he called a "general war contract."

He appeared to be warning up East Germany for tactics already agreed on by Red leaders in Berlin and Moscow. Other leaders in the Soviet zone already have prepared their people for the possible forming of an East German army "in defense" against possible civil war.

The West German government in Bonn made counter-charges today that the Communists are preparing civil war, with emphasis on training youth fanatics in the free German youth organization in riot and disruption tactics.

Chancellor Konrad Adenauer's government at Bonn refused to be frightened by the new maneuvers. They called Ulbricht's statements "primitive threats" and declared the negotiations on the peace contract with the West would continue.

Divided and jittery Berlin, 110 miles inside the Soviet zone, appeared once again to be the pawn in the East-West struggle for control of Germany. East German informants have predicted the Reds may once again demand that all foreign troops be withdrawn from the beleaguered city a proposal the West is certain to reject.

The Russian war of nerves, with its strange 50 per cent blockade of the one authorized highway linking Berlin with the West, continued without explanation.

Russian guards refused to allow routine Allied patrols from Berlin to tour the 110-mile autobahn, but they permitted patrols from Helmsdorf—at the other end—to carry on the road was reported normal. Russian Gen. Vassily I. Chikov, Soviet control commission chief, still has not replied to an Allied letter protesting the partial blockade of patrols.

Taft supporters elected six delegates favoring the Ohio senator against two for Eisenhower. Four were listed as uncommitted.

At the outset of a busy political week—with 166 delegate votes at stake in 13 state conventions—Taft led the Associated Press tabulation by 343 to Eisenhower's 290.

The Rhode Island and Wyoming actions boosted the totals to 349 for Taft and 300 for Eisenhower. Nomination in Chicago requires 604 votes.

Governor Returns, Nixon Says More Candidacy Gains

Chicago, May 12—(AP)—Republican Senator Nixon of California said today he thinks more and more support is developing for Gov. Stevenson of Illinois as the Democratic candidate for president.

Nixon, evaluation the potentialities of both Stevenson and Sen. Kefauver (D-Tenn.), said Democratic leaders are of the "general feeling" that Stevenson is better qualified by background and temperament for the top spot and would not be as vulnerable as Kefauver in a hard hitting campaign.

Kefauver is an announced candidate for the Democratic nomination. Stevenson has said he could not be a candidate while he is seeking reelection as governor.

The governor returned to Illinois today from a West Coast visit. He only smiled when reporters asked him if he would "accept a draft for the nomination."

PIGEON IN LIEU OF TELEPHONE

San Diego, Calif., May 12—(AP)—Worry over her son's stomach ache didn't cause Mrs. Dorcas Scarberry to forget her husband's anxiety.

She brought three homing pigeons along when she made the 40-mile emergency trip with Christopher Scarberry, 7, to a San Diego hospital yesterday.

The Scarberys have no telephone at their ranch home.

Mrs. Scarberry released one pigeon with a note to her husband after the doctors said they must operate.

The other two were released after the appendectomy, saying all was well with Christopher.

Peace Hopes Ebb At Reds Jibes, Taunts

Seoul, Korea, Tuesday, May 13—(AP)—Tough Communist war prisoners threatened to kill Brig. Gen. Francis T. Dodd and stage a wholesale break if the army attempted to rescue him from four days imprisonment in a Kojie island compound.

This was disclosed Monday in a statement read by the former Kojie island prison commander after the army lifted a tight veil of secrecy on details of the bizarre incident.

In Tokyo, Gen. Mark W. Clark—new Allied supreme commander—described as "unadulterated blackmail" the Communist demands for concessions made while Dodd was held hostage from Wednesday to Saturday night.

Clark succeeded Gen. Matthew B. Ridgway Monday. Clark said that Brig. Gen. Charles F. Colson, new commander of Kojie, sent the Communist prisoners an ultimatum to release Dodd by 8 p.m. Saturday or the army would use force.

This tough stand doubtless hastened the Reds' decision to release Dodd—although he was not freed until 9:30 p.m.

Clark hinted that some concessions granted the prisoners might not be honored. The concessions included the right to organize, and an end to "forcible screening or any rearming of prisoners."

Clark's references to "duress," "blackmail" and the fact that Colson acted on his initiative indicated Clark might think the commitments were not binding on the U.N. command.

The Allies have been screening prisoners to determine which ones would resist being returned to North Korea and China in event of an armistice.

The Reds are disgruntled because only 70,000 of 169,000 military and civilian internees held by the Allies want to return to Red rule. They accused the Allies of forcing prisoners to renounce communism.

Allied Proposal

The Allied package proposal for a truce call for repatriation of the 70,000 Reds, and dropping the Allied demand for restrictions on airfield construction if the Reds withdraw Russia's nomination as a neutral truce supervisor.

Brig. Gen. William P. Nuckolls, official U.N. command spokesman, said the Communist propaganda assaults "are an obvious taunt and dare" to get the Allies to break off the talks.

Nuckolls said that, nevertheless, the U.N. command's stand is "final, firm and irrevocable."

Dead 15 Minutes, Man Lives Again, Visits Mother

Los Angeles, May 12—(AP)—The man who was dead for 15 minutes last fall lived to give his mother the best Mother's Day she ever had.

Mrs. Mabel Werrett is still beaming today over the delights—despite a few tears—of yesterday's visit to her suburban Baldwin Park home by her son, Navy veteran Melvin Hewitt, 28.

Hewitt is back in Brentwood Veterans Administration hospital where he will stay indefinitely under care of doctors who say his extraordinary experience left him with a child-like mind of dim, vague memories.

He fell outside a tavern last Oct. 4. By the time he was taken to a clinic, doctors said he had been "dead"—no heart or breathing action for 15 minutes. Surgeons opened his chest, massaged his heart and restored him to life. He was in a coma for a month.

Then he surprised the VA doctors by regaining consciousness. The 15 minutes is perhaps the longest period in medical history that a person has been without life and then revived.

Physically, Hewitt was slowly improved, gaining weight, dressing himself, handling tools, reading a little.

But the doctors say that the 15-minute period in which his brain was deprived of oxygen damaged or destroyed many brain cells.

UN Stands Pat On Final Offer Of Solution

Munson, Korea, Tuesday, May 13—(AP)—The Allies accused the Communists Monday of continuing the Panmunjon meetings only for purposes "of false propaganda" and not for achieving a Korean armistice.

A spokesman said the Communists with their propaganda tactics were daring the Allies to break off the talks.

The United Nations command stood pat on its final offer of an overall solution to the basic truce issues pegged on no forcible repatriation of Communist prisoners.

Although it was one of the bitterest sessions in the 10-month-old talks, the Allies agreed to meet again at 11 a.m. (8 p.m., CST, Monday).

Joy Is Angered

Usually mild-mannered, Vice Adm. C. Turner Joy, senior Allied delegate, emerged from the 52-minute meeting Monday obviously angered. He said the Communist propaganda trade was "filled with invective, distortions and palpable lies."

Gen. Nam Il, chief Communist negotiator, delivered a 34-minute harangue peppered with charges of Allied "barbarous treatment" of Red prisoners.

The Reds are disgruntled because only 70,000 of 169,000 military and civilian internees held by the Allies want to return to Red rule. They accused the Allies of forcing prisoners to renounce communism.

Allied Proposal

The Allied package proposal for a truce call for repatriation of the 70,000 Reds, and dropping the Allied demand for restrictions on airfield construction if the Reds withdraw Russia's nomination as a neutral truce supervisor.

Armed Forces To Hear Politics, Issues On Radio

Washington, May 12—(AP)—President Truman has approved Defense department plans to broadcast information about political candidates and issues to members of the armed forces in connection with this year's presidential election.

This was disclosed today as Truman asked Congress for a second time for quick action on legislation to allow those in service to vote by a federal ballot if they are unable to vote by absentee ballot under the laws of their home state.

Truman made his request in letters to Chairman Hayden (D-Ariz.) of the Senate rules committee and Chairman Stanley (D-Va.) of the House administration committee.

The president enclosed a letter from Secretary of Defense Lovett saying the prospect for state action this year to bring absentee voting provisions in line with federal recommendations "does not appear to be optimistic" in a number of states.

Truman said it thus is important for Congress to take early action on the federal ballot which he proposed in an April 16 message in order "to enable hundreds of thousands of servicemen to vote this year."

NOW, "CONFESSIONS"

The Communist radio in China and Korea has been
broadcasting the statement that two captured American
airmen have "confessed" to dropping germ-laden bombs
in North Korea. Now five British businessmen, arriving
in Moscow from Peiping, tell of hearing recordings of
four "confessions."

Whether the British businessmen, who attended the
recent "trade" conference in Moscow, have a bias in favor
of communism vis-a-vis the United States is a question that
need not be raised because communist propaganda about
germ warfare has been prolonged and insistent. Mr. Malik
raised the specter at the United Nations. There has
been on exhibit at Peiping, for all to see, photographs of
the alleged lethal germs.

More than a month ago the New York Times cut
through this propaganda when it reported that scientific
experts disclosed that the photographs were complete
frauds. That is one answer to the charge. Another is the
refusal of the Soviet Union to adopt the American pro-
posal that the International Red Cross investigate on the
ground in Korea. A third is the Chinese and North Korean
spurning of an offer of the World Health Organization
to send medical aid if an epidemic from germ warfare
exists.

Against this background the "confessions" fall flat.
What is interesting about them is the fact that the fami-
liar technique is now applied to war prisoners. If the cap-
tured airmen in fact made a recording, perhaps induce-
ments in the form of favors were offered, perhaps "pres-
sure" rather than torture was used to gain communist
ends.

Exhaustion from hours of interrogation, want of
sleep, isolation, general loss of morale—these are the
weapons that were used in the case of Robert Vogeler to
obtain his "confession." He has told all about it since his
release from prison at Budapest. If there have been "con-
fessions" of germ warfare in Korea, it is probable that
the method of obtaining them was similar.

FOR THE DAY AFTER
MOTHER'S DAY

Kansas City—(P)—Many an
American mother today is resting
after the ordeal of Mother's Day.
That is the situation in our family.
For years we have tried to make
mom on Mother's Day. But mom is
hard to mother. She is so used to
pampering her five children and
two grandchildren that it is hard for
her to relax and let them pamper
her.

Somewhere she has got the whole
idea of Mother's Day confused. To
her it is a kind of test of her mettle
as a parent.

Year after year the kids try to
figure out a way to do something
special to please her. But it always
ends up with mama doing some-
thing for us.

"Now this year we are going to
take you out to dinner and cele-
brate," we tell her. "You never get
out of that kitchen."

"Well, that'll be real nice," says
mama. And then she begins to
hedge. She points out how much
better it is to go out. She is sure
the restaurants will all be too crowded
on Mother's Day anyway.

"I'll tell you what," she says.
"I'll fry up a couple of chickens,
and let's see—I guess we'll have
strawberry shortcake for dessert."

And she always has her way. Come
Mother's Day and she slaves harder
than ever over that old hot stove.
The kids sit in the dining room and
stuff themselves like harvest hands
while mom brings in platter after
platter of fried chicken. The only
help she gets—would accept—is a
little assistance later in drying the
dishes.

Everybody then sits around gab-
bing and criticizing the government.
In the evening the whole family
sits the icebox together, and mom
sings.

Women Injured On Mother's Day Trip

A Mother's Day visit was marred by accident Sunday afternoon while a party of Springfield and Jacksonville residents were enroute home from a trip to Pittsfield. The automobile in which they were riding overturned on U. S. Routes 36-54 east of Ragsburg, resulting in injury of two women.

Mrs. America Norvell, 510 South Mauvalter street, a passenger in the car, sustained an injured collar bone, possibly broken. Her condition is reported to be good.

Mrs. Edward Davis of Springfield suffered a neck injury which may be a fracture. Her condition was good Monday night, hospital authorities stated.

Both are patients at Our Saviour's hospital where they are being treated by Dr. A. G. Wolfe.

Edward Davis of Springfield, driver, and his five-year-old daughter, Shirley, escaped injury when the car left the south side of the highway and turned over at 3:45 p.m. Davis told officers that he was crowded from the pavement by a passing car.

Three other automobiles were damaged in quick succession after the Davis car left the highway. There were no injuries from the smashups that followed the first accident. Sheriff George Leitz of Winchester and several state police hastened to the scene and restored traffic to order. Sgt. King, Officers Vasconcellos and Bailey supervised the removal of damaged machines.

The accident occurred near the Morgan-Scott county line at a point where black-topping operations have been in progress.

The Davises and Mrs. Norvell had been to Pittsfield to visit the latter's mother.

Local Delegates Attend Chicago Club Convention

The state convention of the Illinois Federated Woman's clubs was held May 5, 6, 7 and 8 at the Sherman hotel in Chicago and attended by a large delegation from Jacksonville and the 20th district.

Miss Charlotte Sieber of Jacksonville, retiring president of the 20th district appeared on the convention program Wednesday morning in a panel discussion with three other district presidents. Miss Sieber also sang in the State Chords composed of eighty voices.

An outstanding program feature was a roundtable discussion by three well known industrialists from Chicago and the surrounding area. A question submitted by Miss Sieber was used in the discussion which Miss Mercedes Hurst of the International Harvester company served as moderator.

Attending the four day convention from Jacksonville and the surrounding area were Miss Sieber, Mrs. J. Allan Biggs, Mrs. Maude Fanning, Miss Olive Burnett, Mrs. Lionel Seymour, Mrs. George Robinson, the latter two from the Murraville club, Mrs. Marcus Ryan of Jerseyville, Mrs. O. H. Robertson of Winchester, Mrs. Kenneth Cole of Greenfield, Mrs. W. G. Burnsmyer and Mrs. H. Martin of Mason City and the newly elected 20th district president, Mrs. Albert Powers of Manchester. There were 1,256 delegates attending in addition to many visitors.

Tom Gilleland Of Carrollton Dies Monday

Tom Gilleland, for many years a resident of Carrollton, died at 10:30 a.m. Monday at the home of his daughter, Mrs. Howard Springman in Jerseyville.

Mr. Gilleland, who was a farmer, had been ill for a number of months.

He was born 82 years ago in Greene county, the son of Mr. and Mrs. McCormick Gilleland. His wife, the former Alice Scroggins, preceded him in death a number of years ago.

Surviving are two sons and five daughters, Paul Gilleland of Fielden, and Alvin Gilleland of Roodhouse; Mrs. Springman of Jerseyville; Mrs. Chris Cummings and Mrs. Claude Cummings both of Eldred; Mrs. Charles Brown of Kane and Mrs. Mike Scroggins of Fielden. There is one brother surviving, Neil Gilleland of Carrollton.

The body was taken to the Mehl funeral home at Carrollton. Services will be held Friday at 2 p.m. at the Mt. Gilead church near Carrollton. Burial will be made in Berlin cemetery.

Passavant Ladies Aid Conducts Hundreds On Tour Of New Hospital

More than 500 residents of Jacksonville and vicinity were taken on conducted tours of the new Passavant Memorial Area hospital Sunday afternoon in an open house for and by the Passavant Ladies' Aid society. Members of the hospital's staff guided the hundreds of visitors, eager to inspect the structure, on tours which threaded their way from the basement to the solarium on the roof.

Although the hospital is several months from completion, most of the work ahead involves installation of inside fixtures. The interior walls are constructed and on the upper floors the rooms are almost completed.

The hospital will be of the most modern design, according to the guides Sunday, and was planned to be large enough to take care of this area's hospital needs for many years to come. "The building is large enough to take care of a great deal of expansion in the need for hospital care in Jacksonville and vicinity," it was said.

Two of the most important latest pieces of equipment which will characterize the completed establishment will be a call system and an oxygen system for every room. The call system, the guides said, will connect every patient's room with a central supervisor's desk on each floor. The patient has only to state his needs in a normal tone of voice. There will be no need to pick up any kind of communication instrument. The supervisor at the desk will hear him and will send a nurse.

"This will save every nurse many, many steps," the guides said.

Begin in Lobby
The tours started in what will be the main lobby on the first floor and quickly descended to the basement of the labyrinthine establishment. The basement will house the kitchen, nurses' dining room, coffee shop for visitors, and cafeteria. The dietitian's office will be located there, as will the auxiliary power equipment which will begin to operate within seven seconds after the electrical supply from the outside falls.

The laundry room, autopsy room and supply rooms at the extreme end of the north wing will fill the remainder of the basement.

On the first floor, visited next, the touring citizens saw the outlines of the medical wards, characterized by deluxe private rooms, each of which will have a private bath. A commodious gift shop, operated by the Ladies Aid, will be in the main lobby of the first floor. It will have a large display window showing gifts which may be purchased for patients.

The school of nursing also will be housed on the first floor.

Along the corridors of the north wing, first floor, an exquisite small chapel will be constructed. The outlines of the cathedral-like windows already are clearly apparent to the visitors. The colored panes in the chapel of the old hospital will be removed to the new chapel.

Obstetrical Ward
On the second floor, north wing, is the obstetrical clinic which one observer said "should take care of Jacksonville's increasing population for a long time to come." In addition to the three labor rooms and two delivery rooms, there are two nurseries, both equipped with wide display windows through which proud fathers may peer at their newly-arrived offspring.

There is even a corridor for expectant fathers to pace along. The only criticism of the entire hospital made by the touring male guests was heard at this point. "The corridor's too short," one young man remarked.

On the third floor are the surgical wards. The north wing will house four operating rooms, each connected with a central circular control room. This arrangement is expected to heighten the efficiency of operating schedules, the guide remarked.

The patients' rooms on the third floor are the nearest to completion in the entire building. Construction is complete with the exception of the installation of furniture and fixtures. Painting of walls is also yet to be accomplished. The wide windows, allowing a maximum of light and air, will be equipped with venetian blinds. The walls will be painted in cheerful shades and four shades will be used to lend the impression of variety.

The surgical operating ward and the obstetrical ward will be air-conditioned. However, the patients' rooms will not be so equipped.

Color Schemes
One of the latest ideas for hospital management described by the guides will be the color schemes for the linens and uniforms in various parts of the hospital. In the obstetrical ward, bed linens, towels, and nurse uniforms will be blue. In surgery they will be green.

"The use of blue and green will reduce eye-glare and will give the laundry an easy method for identifying supplies for each department," the guides pointed out.

The tour was concluded on the roof of the hospital in the solarium. Here, patients who are on the road to recovery may enjoy the breathtaking sweeps of rural scenery which characterize this region of Illinois.

Managers of the Ladies Aid gift shop reported that many hundreds of articles were contributed to the shop by visitors during the afternoon. Mrs. Richard Lukeman and Mrs. Harry Lee Hall, co-managers of the shop, said some gifts will be sold at the present shop in the old hospital, but that some will be held for sale in the new hospital when it opens.

Applebee Farms
Following the tours, the hundreds of visitors were invited to the nearby Applebee Farms by Dr. and Mrs. A. B. Applebee for refreshments and a social hour.

The idea of the open house was conceived by Mrs. W. H. Pankhurst, president of the Passavant Ladies Aid. She broached the subject with Mr. R. Range, head of the hospital's board of trustees, who heartily approved.

The trustees provided the guides for the tours from among themselves and the hospital staff. The social committee, headed by Mrs. H. Gary Hudson and Mrs. Ellsworth Black, arranged for the refreshments at the Applebee Farms.

The heads of the ten units of the Ladies Aid were on hand throughout the afternoon in the hospital lobby, signing up prospective unit members and explaining the functions of the units.

HARTS COMMUNITY CLUB WILL MEET FRIDAY EVENING
The Harts community club will meet Friday, May 16 at 7:30 p.m. at the Harts community schoolhouse. Mr. and Mrs. Frank Hart and Mr. and Mrs. Albert Herring will serve on the social committee while Mr. and Mrs. Carl Lawless and Mr. and Mrs. Joe Scholfield on the program committee. Refreshments will be cake or cookies and coffee.

THIS WAS HER LUCKY DAY! WOMAN FINDS SEVEN LEAF CLOVER

Jerseyville—If you went into the fields of Illinois to find a seven leaf clover your chances would be one in many millions, according to people who have spent their lives on farm in this part of the state.

Mrs. R. E. Elhoffer of 1406 Highland, Alton, Illinois, is one of the few people to find a seven leaf clover, and she accomplished this feat Saturday morning while visiting at the home of Mr. and Mrs. Allan Charlton southwest of Jerseyville in Mississippi Township.

Mrs. Elhoffer came to the Charlton residence Saturday morning to spend the day. She went hunting for four leaf clovers and succeeded in finding four of this lucky type. She also found a five leaf one and a six leaf one. Then she came across the luckiest of all luck clovers, a seven leaf one.

Mrs. Elhoffer and Mrs. Charlton were in Jerseyville Saturday afternoon where they exhibited the unique clover of seven leaves to friends in this city.

"I've lived on a farm all my life," Mrs. Charlton stated, "but this is the only time that I have ever seen a seven leaf clover."

"I have found a lot of four leaf clovers in my time," Mrs. Elhoffer stated, "but this is the first one with seven leaves that I have ever seen. I am going to press it and keep it for a souvenir to show to friends and others who may doubt the existence of such a specimen."

LINKSTER HARTONG FLASHES TOP FORM
Flashing form which has raised him to the ranks of top-flight golfers in this area, Jack Hartong copped the Class A competition golf tournament at the Country Club Sunday afternoon.

The inclement weather which hampered other linksters failed to slow up the intrepid principal of the School for the Blind. He carded a flashy 76-9-67 score.

In Class B, K. L. Wilson turned in a score of 80-11-69 to win the competition in his bracket. Floyd Cox won the Class C tourney, with a 95-21-74 score.

Dr. Jim Bunch, chairman of the country club golf committee, announced Monday that pairings for next Sunday's best-ball tourney are posted on the bulletin board at the golf shop. "Players are responsible for checking the pairings," Bunch said.

Mayor Endorses Salvation Army Building Drive

Mayor Ernest Hoagland stated Monday in an interview that he was happy to endorse the campaign to raise \$100,000 in Morgan county for the purpose of erecting a new building for the Salvation Army in Jacksonville.

"This is the first time in 63 years," the mayor said, "that the Salvation Army has conducted a capital campaign for funds in this territory, to provide funds for new construction or repairs."

"Anyone who will inspect the present facilities on East Beecher avenue, will be convinced of the need for a new building. Now is the time for us to show our appreciation to Major Henri Servais and the Salvation Army for the work they have done here in Jacksonville and Morgan county."

"The Salvation Army has answered the appeal for help on every occasion. Their work has been expanded in order to take care of all requests that have been made. The requests have been so numerous that the present quarters of the army are no longer adequate and there is a definite pressing need for more space."

"As a non-denominational, non-sectarian organization the army offers a way of life that all people of all faiths and beliefs can support, and I urge each one of you to give generously to this worthy cause."

The campaign for funds will be conducted during the month of June and the proceeds will provide a new building for the Salvation Army which will be erected on West Douglas avenue.

The old structure on East Beecher avenue will be sold and the money derived from the sale will be applied on the new building.

Garden Of Dreams, Theme Of Prom Held At White Hall

White Hall—The annual junior-senior prom and banquet of the local high school was held Friday night. Festivities began with the banquet at 6:30 p.m. served by the Daughters of Faith class of the First Baptist church.

Norman Fear of the faculty and the members of the junior class had charge of decorations with the assistance of Mrs. Kenneth Davis.

Ceiling lights were covered with pink and blue angel hair, dotted with stars, and table decorations carried out the theme of Garden of Dreams. Napkins and nut cups were in pastel colors. Each table was centered with an urn of pink snapdragons, and pastel tapers. Favors were miniature garden implements.

In charge of the program was Dick Pratt, of the faculty. Lyle Neighbors, junior, acted as toastmaster and Rev. Ben A. Bohn, pastor of the church, gave the invocation. James Brown, president of the junior class, gave a talk entitled the "Garden Gate" and Gerald Phillips, president of the senior class, responded with "A Bouquet for the Juniors."

Sue Jane Castleberry and Carolyn Elliott presented a pantomime, and Fred Shappard, Supt. of schools, gave a message. "Petals for your Pathway." Jean Washburn, a junior, gave the class prophecy and the group joined in singing, with Anne Walker at the piano.

Following the banquet the group adjourned to the high school gymnasium for dancing. Wally Masters' orchestra played.

The decorations there carried out the Garden of Dreams theme, the ceiling being canopied in pastel crepe paper. A miniature lake in a setting of flowers was in the center of the dance floor. In a garden scene at one end of the gymnasium the Dream Girl, Joyce Warrell, and the Dream Boy, Bob Waller, were crowned. The stage setting for the orchestra represented a garden with swings and garden seats.

There are 24 boys and 15 girls in the graduating class.

The Gleaners class of the First Baptist church, Mrs. Ben A. Bohn, teacher, held its monthly meeting at the home of Mary May and Margaret Cox west of the city Friday night. Mrs. Delbert Hardwick presided at the short business meeting. Games were played. Mrs. Jewel Copley assisted as hostess.

Franklin Faye who is stationed with the Marines at San Diego, Calif., is spending a ten day leave here with his parents, Mr. and Mrs. Cecile Faye. He will return to San Diego May 14.

It is believed that the Portuguese introduced banana plants into the Canary Islands after 1402 and that the plants were carried from the Canaries to the New World.

NORTONVILLE

Nortonville — Mrs. Harriet Seymour visited Sunday with a cousin, Miss Carrie Spires of Jacksonville. Mr. and Mrs. Lawrence Ball were recent supper guests of Mr. and Mrs. Norman Austiff and family. Mrs. George Robinson and Mrs. Lionel Seymour left Monday for Chicago where they will attend the state convention of Women's clubs. Mr. and Mrs. William Edwards and daughter of Alton came here Monday evening to take part in the celebration of George Kehl's 86th birthday.

Auxiliary To Help In Memorial Day Rites At White Hall

White Hall — American Legion Auxiliary to post No. 70 met Thursday night at the Legion home.

A report was given on money made at the carnival held here recently and on the bake sale proceeds. A cash donation was voted for the post, to be used in payment on the Legion home. It was planned to take part in the Memorial Day services to be held on Soldier's Hill the morning of May 30.

A citation was read from the national president in recognition of the unit's membership achievements.

Dorothy M. Young, president, appointed Ruth Hitch to head the nominating committee for new officers. Others chosen to serve on this committee were Meda Hayes, Mary Livingstone, Alma Dugger and Eta Lyman. They will report at the June meeting and officers will be elected.

It was voted to send the outgoing president, Miss Young, and the incoming president to the department convention to be held in Chicago July 31-Aug. 2.

The June meeting will start with a potluck supper.

Methodist Group Meets

The Methodist W.S.C.S. met during the week at the home of Mrs. A. P. Crowell. Mrs. William Edwards led the devotions in keeping with the spring season, titled, "To Declare His Praise." Mrs. A. E. Hudson gave a vocal solo, "My God and I."

"Choose Ye This Day" was the theme for the program led by Mrs. Peter Kittel. "Healing the Sick" was discussed by Mrs. Kittel; "Providing Christian Homes," Mrs. Ennis Tunison; "Training Christian Leaders," Mrs. Allan Brannan; "Building Christian Communities," Mrs. Harry Price.

The business session was conducted by the president, Mrs. Marcus McCollister. A training day for officers to be held in Jacksonville May 20 was announced. Clean clothing was sought to be sent to the Langleville Settlement House, a community center maintained by Methodist women.

Refreshments were served by the hostess.

Piano And Music Store Will Open In Jacksonville

John C. Steinhoff of this city and Robert E. Musser of Lincoln will open a piano retail store at 1600 South Main street in the near future. The new business will offer a complete music service in new and reconditioned pianos, band and musical instruments and supplies, in addition to a repair service.

Mr. Musser will move his rebuilding and refinishing business from Lincoln to Jacksonville as soon as a shop location, necessary for this work, can be secured. The repair service will be maintained for the convenience of local musicians and students.

Miss Carmen Covey will be a clerk and in charge of the sheet music department. Reginald (Reggie) Hudson, piano craft apprentice, will assist Miss Covey with sales.

Mr. Steinhoff has been engaged in piano tuning and repair service in Jacksonville since 1939. Mr. Musser has been operating a music store and studio in Lincoln.

After redecorating and stocking of merchandise the business should open about June 1st. An added convenience will be evening hours on Tuesday, Thursday and Saturday from 7 to 9 p. m.

Car Overtakes On Lawn After Hitting Tree

A 1941 Buick automobile was almost demolished early Sunday morning in two collisions in the 800 block on North Main street—first with a parked truck, and second with a large tree.

The tree proved to be an immovable object. The automobile slammed against it with much force, then turned over on the lawn at 858 North Main.

David Green, driver of the car, and three persons in the parked truck escaped injury.

The Virginia man was driving north about 1:03 a. m. Sunday when, according to police records, his car crashed into a 1949 Chevrolet pickup truck parked in front of 846 N. Main. The truck was occupied by its owner, Marvin Piercy of Franklin route 2, his wife and their son.

After striking the truck, the car continued its course through a yard and didn't halt until the tree interfered. The car was towed to the Brummett garage.

Officers Dodsworth and Hill took Green to the police station and questioned him regarding the collision. Green posted \$100 bond and was released to appear in police magistrate court May 17.

Marjorie Colwell Is Bride Sunday Of Marvin Weber

Miss Marjorie Colwell, daughter of Mrs. May Colwell of 424 West Beecher avenue and the late John S. Colwell, and Marvin F. Weber, son of Mr. and Mrs. Frank Weber of Chapin, Route 1, were united in marriage at 8 o'clock Saturday evening, May 10, at the home of the bride.

The Rev. T. O. Schroeder of the Immanuel Lutheran church performed the ceremony by candlelight before a beautiful background of ferns, white anemones and gladioli. Only the immediate families witnessed the double ring service.

The bride was attired in a belted white summer suit with navy accessories and an orchid corsage. She was attended by her sister, Miss Virginia Colwell, wearing a navy summer suit, with navy accessories and a corsage of pink roses.

Leland Weber served as attendant to his brother; both men wore business suits, with white carnation boutonnieres.

Following the wedding ceremony a reception was held at which Mrs. Frank Baker and Mrs. Wilbur Kormeyer assisted in serving. The beautifully decorated three-tiered wedding cake was topped with a miniature basket of sweet peas. Out-of-town guests were present from Pekin, Springfield, Alexander and Meredosia.

Mrs. Weber graduated in 1948 from Illinois College, where she was a member of Gamma Delta society and was elected to Phi Beta Kappa. She is employed in the office of the Norbury Sanatorium.

The groom is office manager for E. W. Brown Motor Company and an instructor in accounting at Hardin-Brown Business College, of which he is a graduate. Following a brief wedding trip, they will be at home at 1244 West College.

Perfume That Clings

Q.—Dear Penny: I adore perfume, but for some reason or other its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one.—Mrs. A. W.

A.—A particularly good idea for women who claim that perfume does not "stay with them" is a Liquid Skin Sachet. It smooths on the skin very easily, and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance. Try this Houbigant Chantilly Liquid Skin Sachet. Only \$1.85 plus tax at Long's Pharmacy, 69 East Side Square.

"Mother Of The Groom" Delights Woman's Club

Marjorie Davis Rowell charmed her audience of 150 members of the Jacksonville Woman's club at the last meeting of the season held Saturday at the Dunlap hotel with her dramatization of "The Mother of the Groom."

Well known in radio and Little Theatre work both in Chicago and throughout the state, Mrs. Rowell was complete master of every scene and excellently portrayed the many characters in her review of the book by Harriett Ryan. Her hour program, which held the undivided attention of the audience, was presented with ease, clarity and entirely from memory.

The May luncheon which was served to club members only was held at 12:30 p.m. Mrs. Robert Hembrough was luncheon chairman with Mrs. Harold McDougall and Mrs. Van B. Hunter, co-chairmen. Mrs. G. G. Sturm and chairman of tickets and Mrs. Ray Miller Sr., co-chairman.

The club president, Mrs. T. Ray

Baker, complimented and welcomed the members to the concluding meeting of the season. Mrs. Don Litter recording secretary, read the minutes of the May board meeting and those of the April club meeting, standing approved. Mrs. A. P. Curry, a new member was introduced, a second, Mrs. Earl Smith of Chapin, was absent.

Introduce New Officers
The four officers to be first vice president, Mrs. J. Allen Biggs, corresponding secretary, Mrs. Adam Elmgott, treasurer, Mrs. Cecil Carter and assistant treasurer, Mrs. Wilford Queen, new electives were introduced as well as the retiring officers, Mrs. John Marshall, Mrs. Loren Moody, Mrs. Merton Abbott and Mrs. Ray Patterson.

Mrs. J. Allen Biggs voiced her appreciation to the club for attending the state convention for Federated clubs held in Chicago. Mrs. Baker extended appreciation to Mrs. H. C. Hart, past president and Miss Charlotte Sieber, retiring president of the 20th district, for their untiring efforts to her, the club and the district.

Miss Sieber announced two honors from the state convention coming to the district. The art student award, one of 28 and a local entry, Sue Baughman, placed 14th and also that of Richard Turner of Litterberry among the honorable mention. Acknowledgement was made to Mrs. Herbert Capps as chairman of the advisory board; to the Journal Courier for news coverage; the ticket committee, previously mentioned and luncheon committee.

Tables were beautifully decorated in spring flowers, the speakers table by Mrs. Eugene Dodsworth; Mrs. Howard Reynolds and Mrs. Everett Reynolds a table; Mrs. Clark Green and Mrs. Richard Wells; Mrs. Erwin Welborn and Mrs. Lena Kerns; Mrs. Fay Daniels and Mrs. Charles Barber and Mrs. Harold Wright and Mrs. Clody Wilson.

Sisters Present Music
Mrs. D. O. Floreth, music chairman introduced Mrs. Francis Flower and her sister Miss Maureen Self, who presented the music program. Accompanied at the piano by Miss Self, Mrs. Flower sang "Who'll Buy My Lavender?" "A Gardener to the King" a French song from the reign of Marie Antoinette and especially well done and the concluding number, "The Time for Making Songs has Come."

Mrs. Baker conducted a Memorial service for the late Mrs. R. C. Henley and Mrs. Carl Hembrough, by repeating the 23rd Psalm. The introduction for the program was made by Mrs. Clarendon Smith, chairman of the day. Mrs. Baker announced the spring meeting of the Morgan county federation will be June 3rd at MacMurray College. Dues for the Jacksonville Club for the next year are now payable.

The Jacksonville Woman's club will participate in the Memorial Day parade on Friday, May 30. Mrs. George Thayer is American citizenship chairman with Mrs. Clark Green co-chairman in charge of the project.

Cancel Damage Suit Set For Trial Monday

The first case docketed for trial during the May term of circuit court was cancelled from the setting Monday morning by agreement of counsel. This was the suit of Howard B. Edlen, administrator of the estate of his mother, Mabel Nash, against Arthur Ehlert, in which the heirs sought damages for Mrs. Nash's death in an automobile collision.

Attorneys indicated that a settlement has been reached between the interested parties. Edward J. Flynn and Harry G. Story are attorneys for the plaintiffs, and Vaughn, Robinson & Foreman are attorneys for the defendant.

Mrs. Nash was killed in a collision on State Route 104 near Bethel last January. Her husband, John Nash, also was killed but his death was not involved in the suit which was cancelled from the setting Monday. Judge DeWitt Crow excused jurors until 9 a. m. Tuesday, when they will report again in court.

Franklin Batters Chapin 11-1 To Gain District Finals

Rizzuto Bats .351 To Lead AL Hitters; Jackie Paces National

New York, May 12—(P)—Little Phil Rizzuto, the last of the "old line" New York Yankees, is showing his teammates how it's done with a league-leading .351 average in the American league.

In the National, Jackie Robinson rides high with a .393 average. The Brooklyn second baseman was out of action most of last week with a leg injury but returned to work Saturday. Stan Musial of St. Louis, usually jousting with Jackie for the lead, is struggling with a sub par .294.

There was a big shakeup among the top 10 hitters in each league, as is to be expected at this time of year. Exactly half of last week's leaders fell by the wayside. Bob Niekman of the St. Louis Browns, a .424 smasher to lead the American a week ago, slumped to .295 with only four hits all week.

Rizzuto's nearest opponents are Al Rosen of Cleveland, steadily improving his position in a move from fifth, and Dom (the last of the) DiMaggio. They're tied for second at .344. Rosen also heads with eight homers and 20 runs batted in.

Gene Wooding of the Yanks moves up five runs to tie Dale Mitchell of Cleveland for fourth at .340. Pat Mullin of Detroit con-

tinues his steady hitting with .339 and Eddie Robinson of Chicago and Jim Delsing of the St. Louis Browns advance to a seventh-place tie at .333. Hector Rodriguez, of Chicago, .330 and Hank Bauer of New York, .329, round out the top ten.

Robinson displaces Harry Lowrey of St. Louis for the National lead but Lowrey sticks in there at .384, good for second. Walker Cooper of Boston, picked up 19 points during the week for a third-place .360. Del Ennis of the Phillies made an 8-for-21 week boost his average to .341.

Ted Kluszewski of Cincinnati is fifth at .337, followed by Wes Westrum of New York and Frank Baumholtz of Chicago tied at .333. Connie Ryan of Philadelphia, .329, Hank Sauer of Chicago, .326 and Jack Merson of Pittsburgh, .322 are the other leaders, based on 40 times at bat.

Sauer took over the RBI lead from Kluszewski with 27 and Andy Pafko of Brooklyn still shows the way with seven home runs.

Rookie Bill Henry of the Boston Red Sox with 4-0 and Sal Maglie of the New York Giants with 5-0 are the top winning pitchers among many with unbeaten records.

BLUEBOYS HOST TO QUINCY NINE THIS AFTERNOON

The Quincy college Hawks invade Illinois college diamond this afternoon for a non-conference baseball game.

Coach Joe Brooks' collegians will attempt to finish their first game in three starts. The Blueboys were rained out of games with Western State and Augustana last week.

Game time is 3:30 this afternoon.

Eastern Trip A Shot In Arm For White Sox

Chicago, May 12—(P)—Their first eastern trip was quite a shot in the arm to the Chicago White Sox, even though they only broke even in 14 games.

A half-dozen Pale Hose players needed penicillin shots last weekend to combat virus bugs. The players were outfielders Sam Mele, Ed Steward and Ray Coleman, infielder Willie Miranda, catcher Phil Masi and pitcher Ken Holcombe.

However, all are expected to be ready for the three-game series with the third-place Boston Red Sox opening at Comiskey Park Tuesday night.

At home for a 14-game stand, the White Sox will turn Orestes Minofo loose in Comiskey Park's vast centerfield reaches for the first time since fleet Jim Busby was swapped to the Washington Senators for Mele.

Minofo had alternated between left and right fields before Busby's departure. Mele now will play right and Al Zarilla left.

Although holding sixth place with an 11-13 record, the White Sox figure they have two potential victories in suspended games with the St. Louis Browns which must be played off.

At 13-13, the Sox would be 4½ games behind top-spot Cleveland.

The Pale Hose had to pull out of a six-game losing streak to salvage their even break on the road. Lefty Billy Pierce will open against the Red Sox Tuesday night.

Browns Swap Pair To Washington For Cass Michaels

Washington, May 12—(P)—The Washington Senators today traded second baseman Cass Michaels to the St. Louis Browns for pitcher Lou Sleater and infielder Freddie Marsh.

Sleater has a 0-1 record this season in four games, two of which he started. In eight and two-thirds innings he gave up nine hits and seven earned runs.

In announcing the trade, President Clark Griffith of the Washington American League club said it was a straight player trade with no money involved.

Michaels is currently batting .233 in 22 games. He came to the Senators from Chicago in a trade two years ago. Once selected on the American League All-Star team while with Chicago, he never has hit that form with Washington.

Marsh variously played second base, shortstop and third base for St. Louis last year and batted .243.

In 1951, Sleater, a left hander, pitched in 10 games for the Browns, winning one and losing nine. He was sent to Kansas City in mid-season and won four games.

Ernie Ball Tops Qualifiers For PGA Tournament

Chicago, May 12—(P)—Ernie Ball, veteran Chicago pro, matched par 72-72-144 at rain-soaked St. Andrews golf club today to top seven district qualifiers for the national PGA championship at Louisville June 18-24.

The other six, all from the Chicago area, include Jerry Gianter, 73-72-145; Jim Walcup, 76-70-146; Jackson Bradley, 73-73-146; George Keyes, 75-71-146; Roy Wal-lin, 72-74-146, and Sam Bernhardt, 73-72-146.

Herman Scharlau of Bloomington, with 73-74-147, and Sonny Rouse of Waukegan, with 74-75-149, headed out-of-Chicago shooters. Both won alternate positions.

Other downstate scorers: John Krunilla, Kankakee, 76-74-150; Frank Grimm, Rockford, 75-79-154; Gunnar Nelson, Rockford, 80-74-154; Mike Sipula, Ottawa, 76-78-154; and John Moran, Aurora, 81-76-157.

A field of 48 pros teed off.

MARCIANO WINS BY K.O. Providence, R.I., May 12—(P)—Heavyweight contender Rocky Marciano knocked out Bernie Reynolds with a terrific right hook to the chin at 2:21 of the third round of their scheduled 10-rounder tonight to make that Fairfield, Conn., boxer his 35th knockout victim in an unbeaten string of 40 fights.

The Brockton, Mass., belter weighed 186½ and Reynolds 185½.

BISHOP SIGNED BY BEARS Chicago, May 12—(P)—Bill Bishop, 6-foot, 4-inch, 244-pound tackle from North Texas State College today was signed by the Chicago Bears of the National Football League.

ISD track ace Bill VanSpankeren will compete in the state finals in the 100 yard dash along with Crim-son Ron Kemp. It was revealed by Macomb District officials yesterday. VanSpankeren qualified for that event by spinning off a 10.3 race during the heat runs. He was beaten by Kemp in the finals and placed third. However, state officials believe that any boy who can run the 100 in 10.3 is a potential state champ and VanSpankeren will get a chance to prove it this Friday and Saturday.

VanSpankeren won the broad jump at Macomb, so will compete in two events.

Track interest is high at Jacksonville high school this week; as high as we've ever seen it, we might add. That's because five athletes will be wearing the red and white at Champaign this week.

But first comes the Central conference meet at Springfield this afternoon and evening. Field events and running prelims will be held starting at 3 p.m. (our time). The finals will be run off at 6:30 (again our time) this evening. Place is the Springfield city stadium. That's right behind the Lanphier baseball park.

Coach Wimberly worked last night to perfect Ron Kemp's form in the discus. Kemp placed third in this event at Macomb so won't get a chance to leave in the state. However, both Wimberly and Kemp believe that the big boy may surprise onlookers at Springfield. Bet he can throw it 130 feet.

Dick Barnes has a new pole for his vaulting endeavors. It's two feet longer. Those two additional feet tacked onto Dick's record 10-6½ should give him a ribbon both today and at Champaign. But it's not that easy to add distance to your jumps, says Dick. Otherwise all the boys would be totting 20 foot poles.

Illini Coach Ray Eliot was heartily received at the Virginia high school athletic banquet last night. Gave a very inspirational message to Coach Charles Dial and his boys, plus townspeople. He's still the best speaker on the circuit. Of course a Rose Bowl football championship gives "Butch" lots of things to talk about, plus plenty of prestige over the state. And he rates every bit of it.

Sonny Gross won the feature race at Quincy again this Saturday night, we're told. That's three in a row for the Gem City youngster. Earl Setzer, driving a Jacksonville car, chased him across the line but couldn't catch him. Herb Glancy and Russ Cole finished in the money to head eight Jacksonville entries at the Quincy track.

The championship midget auto races, scheduled to be run last night on the Springfield Speedway, have been postponed to Monday night, June 9.

Browns Claim Stubby Overmire For Waiver Price

St. Louis, May 12—(P)—The St. Louis Browns, still seeking pitching help, have claimed Frank (Stubby) Overmire on waivers from the New York Yankees.

By pennant race positions rights, the Browns, as the eighth place team in 1951, have first chance at players on the waiver list.

Overmire, a 33-year-old left hander, previously was with the Browns in 1950 and part of the 1951 season. He was traded to the Yankees for outfielder Tommy Byrne and \$25,000 just before trade deadline last year.

The addition of Overmire would give the Browns a 30-man roster, four above their legal limit.

Crimson Nine Engages Winchester Club Today Finals Are Wednesday

Franklin battered Chapin 11-1 here yesterday afternoon to advance into the finals of the Jacksonville sub district baseball tournament.

The game was called in the bottom half of the fifth inning when Coach Vic Mosley's Flash nine pushed across its 11th run. The game was halted by the ten run rule.

Left Darrell Strubbe limited the Chapin club to three hits, two were singles by Nelson Smith. Chapin scored its only run in the first inning.

Franklin landed on Chapin right hander Mel Engelbrecht for six big runs in the second inning to start the parade.

Walks and fielding errors helped Franklin's offense tremendously since the Flash hitters connected for only nine hits.

Franklin will play in the finals Wednesday afternoon.

Jacksonville high takes the diamond against Winchester at 4 p.m. today to decide the other finalist. Bill Williams will pitch for Coach Bob Kraushaar's Crimson.

Ed Bargery Named President Of Men's Bowling Association

Ed Bargery was elected president of the Jacksonville men's bowling association at the group's third annual banquet last night. Over 200 bowlers were served a banquet dinner in the Amvet club rooms.

Bargery takes the gavel from outgoing president Ken Solomon, who presided over the business meeting.

Other officers named were Bud Lair, first vice president; Dave Dickerson, second vice president; Earl Graves, third vice president; Don Scott, secretary. On the board of directors: Bob Hunter, Bob Sheerin, Benny Lane and Ken Solomon.

The nominating committee: Allan Smith, chairman, Charles Black, Ed Page, Otto Smith, Clarence Smith.

In his acceptance speech Bargery promised the bowlers that he will endeavor to collect more teams for the leagues next season. "I promise you that we will have an active season in 1952 and '53" he stated.

The bowlers decided to conduct their city tournament the first two weeks in November.

Trophies were awarded to last season's champs. Vice president Dave Dickerson made the presentations to team captains and sponsors. They were:

Senior commercial league, Schiffs Shoe Store.

Junior commercial, Walker Implement Company of Winchester.

K. of C. Mac's Clothes Shop, Civic, Rotary club, City, Meadow Gold, Elks, Larsen Cleaners. This team was also awarded Henry's big trophy for winning the inter-league roll-off.

Community, Steel Bridge Company, Classic, Budweiser.

Howard Schneider's left handers were recognized as city tournament champs. Fred Olsen and Ralph Eoff won the doubles prize in the city meet and Benny Lane was singles champ.

High series for the entire season was bowled by Earl Graves, a 680. Orin Reveal and Don Scott boated the best individual game with 278. The dinner was served by the Amvet auxiliary.

Illini Take Big Ten Lead To Ohio State

Chicago, May 12—(P)—Illinois, breaking on top in the Big Ten baseball pennant chase with a five-game victory streak, will head up this week's 15-game conference card with a three-game series at Ohio State.

The Illini meet the defending champions, now in sixth place with a 4-4 mark, in a single game Friday and a doubleheader Saturday.

Wisconsin and Michigan, locked in second place one game behind Illinois, also have games with second-division clubs. The Badgers play a single game Friday with fourth-place Minnesota at Minneapolis and a Saturday doubleheader with ninth place Iowa at Iowa City.

Michigan is host to tallied Indiana Friday and to Purdue, tied with Northwestern for seventh, in a twin bill the next day.

Illinois defeated Northwestern 2-1 and 3-2 Saturday. In the extra inning nightcap Jerry Miller singled stole second and scored the winning run on a two-base error.

Wisconsin and Ohio State split. The Buckeyes won the first 25-12 with a 20-hit assault and the help of 10 walks. They punched nine runs in the first inning. Wisconsin rebounded for a 9-7 victory, collecting seven runs in the opening frame.

Paul Giel, Minnesota sophomore, fanned 16 batters and walked one during a five-hit job that blanked Indiana 2-0. Giel, registering his third triumph, helped his own cause with three singles. Minnesota also won the second, 6-2.

Michigan walloped Michigan State 10-2 but lost the second 4-0 as Tom Lawson held the Wolverines to two hits to hand freshman Marv Lawson his first setback. Wesliewski got only two hits off Lawson.

Purdue swept a doubleheader to two hits to hand freshman Marv Lawson his first setback. Wesliewski got only two hits off Lawson.

Purdue swept a doubleheader to two hits to hand freshman Marv Lawson his first setback. Wesliewski got only two hits off Lawson.

The final Men's Olympic Swimming Trials will be held in New York for the first time in the history of the event.

Bloomington Bowlers Make Best Showing In ABC

Milwaukee, May 12—(P)—A veteran and a comparative newcomer today joined in making the day's best American bowling congress tournament showing.

Meredith White, 51-year-old service station operator in Bloomington, Ill., and Jim Roberts, 36-year-old express company employee, fell only 16 pins behind tenth place in doubles with 1,261.

White, bowling in his 12th ABC

tournament, smashed games of 217, 244 and 256 for 717, while Roberts, in his fourth national meet started well with 191 and 194 but fell to 159 in his third game for 544. Team games were 408,438 and 415.

Each carries a 182 average in Bloomington league competition.

White was able to collect only 1,745 in all events, however, shooting duplicate 514 series in team and singles.

The rest of the day's shooting was mediocre.

Another Bloomington bowler, Paul Hindenburg, grabbed singles laurels with 638 on 205, 234 and 199.

The National Professional Golfers' Association championship will be held June 18-24 at Big Spring Club in Louisville.

New York Stock Market

New York, May 12.—(P)—The stock market showed few signs of life today as it lagged through the session with prices pretty evenly mixed between advances and declines.

The volume ran to around 900,000 shares, the second smallest full session of the year.

Price changes were mostly fractions.

Many traders felt that the slow sessions of late would continue until the supreme court rules on government seizure of the steel mills.

There were brighter hopes of a settlement of the oil dispute.

On the market oil stocks followed the mixed tendencies of other major groups with Texas Co., ahead a fraction and Gulf down slightly.

Youngstown Steel was up a little while Bethlehem and Republic lost small fractions.

Advancing were Goodrich, Sears Roebuck, Allied Chemical and International Paper.

Declines included Studebaker, Douglas Aircraft, Anaconda, DuPont, Baltimore and Ohio, Eastern Air Lines and Johns-Manville.

U. S. government bonds were steady in over-the-counter dealings.

Dinner Honors
Scott Couple
Wed Recently

Mr. and Mrs. Clifford B. Allan of Riggston entertained at dinner Friday evening, May 9 honoring Mr. and Mrs. Herbert Leib who were married May 2 at Pigott, Arkansas.

The marriage vows were spoken in the living room of the Methodist parsonage with Rev. W. O. Scorgin Jr. officiating.

The bride is the former Marie Likes Driscoll, daughter of the late Mr. and Mrs. Ray Likes. Mr. Leib is a city mail carrier in Winchester and the son of the late Mr. and Mrs. O. L. Leib.

The newlyweds have just returned from a trip through Missouri, Arkansas and Kentucky and are making their home on a farm on Naples route one.

LODGE TO MEET MAY 13

The Past Noble Grand club of the Caritas Rebeah lodge 13 will have a meeting at 7:30 p.m. Tuesday, May 13 at the home of Mrs. Ruby Birdsong, 420 East Vandalla Road.

CHICAGO LIVESTOCK
MARKET REPORT

Chicago, May 12.—(P)—A fairly active and uneven hog market today produced prices steady to 15 cents higher, although some spot sales on both butchers and sows were 25 cents higher.

Light yearlings were active and strong bringing prices to 25 cents higher, but steers and heifers were steady. The sheep market remained generally steady.

Most choice butcher hogs ranged from \$19.25 to \$20.50 with some odd lots up to 300 pounds selling as low as \$18.00. A top of \$20.60 was established for around 100 head. Most cows from \$17.00 to \$17.75. Clearance was good. Shippers took 2,500 head.

Steers sold from \$29.50 to \$34.75 with high choice and prime sales topping \$37.50. One load of prime heifers 1,100 pounds sold at \$36.50. Vealers continued at a \$37.50 top. Cows remained at \$25.50 downward and bulls topped at \$27.50.

A few choice slaughter lambs topped at \$28.50 but choice to prime woolled lambs were absent. Choice to prime lambs brought from \$28.00 to \$28.25. Slaughter ewes were steady and scarce bringing \$13.00 downward.

Salable receipts included 11,000 hogs, 13,000 cattle, 400 calves, and 1,300 sheep.

RYE PRICES ARE UP
7 CENTS IN CHICAGO

BY WILLIAM FERRIS
Chicago, May 12.—(P)—Rye raced up around 7 cents at one time on the Board of Trade today. Other grains, after easing early, recovered toward the close. Oats were an exception, being unable to get back to Saturday's finish.

The buying in rye was a further response to last Friday's agriculture department crop forecast, predicting that rye production this year would be the smallest since the drought year of 1934. Rye also was ahead at Winnipeg and Minneapolis, but not as much as here.

Wheat, corn and soybeans were steady after their early dip. Lagging tendencies in oats were attributed to reports on the fine condition of this crop, as well as to shipments of the grain here from Canada.

Preliminary estimated receipts of grain in carslots: wheat 20, corn 114, oats 78, rye 25, barley 59 and soybeans 79.

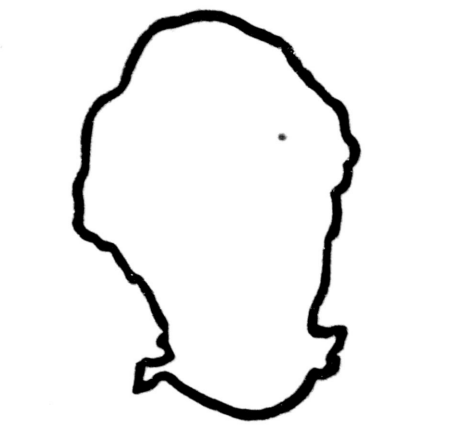

Wheat closed 1/2 lower to 1/4 higher, May \$2.55-2.45, corn 1/4 lower to 1/2 higher, May \$1.81-1.82, oats 1/11 lower, May 78-78 1/2, rye 3c-5/8 higher, May \$2.05, soybeans 1/4 lower to 1/2 higher, May \$2.94, and hard 3 cents lower to 5 cents a hundred pounds higher, May \$11.22.

U. S. farm families receive about one-third of their total cash income from sources other than their farms.

America's Lowest-priced
quality car!

The '52 Ford gives you many
fine-car features at no extra cost!

Forget Ford's low price tag for a minute and look at its many fine-car features—advances like the beautiful new Coachcraft Bodies with a curved one-piece windshield and car-wide rear window . . . advances like the new high-compression "go" in both the Six and V-8 engines. Or examine its wide choice of body, color and upholstery combinations . . . its choice of Fordomatic, Overdrive or Conventional. Check its many other advances and you'll discover Ford has left all other low-priced cars far behind—and many a medium-priced car, too!

Two High-Compression Engines!

Ford's 110-h.p. Strato-Star V-8 and 101-h.p. Mileage Maker Six offer new high compression—the liveliest "go" in the low-price field. And both give you the gas-saving GO of Ford's Automatic Power Pilot.

That ride control is really something!

Ford's Automatic Ride Control with wider front tread, lower center of gravity, diagonally mounted rear shock absorbers and tailored-to-model front springs keeps you level automatically on bumps and curves, gives you a smooth big-car ride!

White sidewall tires (if available), two-tone color; illustrated, Fordomatic and Overdrive optional at extra cost. Equipment, accessories and trim subject to change without notice.

Alias Basil Willing

By Helen McCloy Copyright 1951 by Helen McCloy Dwyer, printed through permission of the publisher. Random House, Inc. Distributed by MEA Service, Inc.

THE STORY: Jack Duggan, a private detective, was poisoned after borrowing Dr. Basil Willing's name. Linked with Duggan's murder is the death of Miss Katherine Shaw, aged and blind, who apparently was to meet Duggan at the home of Dr. Willing, a psychiatrist. Brinsley, a nephew of Miss Shaw, and Charlotte Dean, her secretary, cannot shed light on Miss Shaw's death. Basil calls on Rosamund Yorke and her husband, Theron, who also were at Duggan's home the night Duggan died. There Basil meets Poet Stephen Lawrence, while Basil is talking about Duggan's death. Perditia, the poet's daughter, faints.

XIII AFTER Perditia Lawrence had revived, Yorke went to the bar. Stephen Lawrence drew Basil Willing aside.

"Dr. Willing, I know your reputation as a psychiatrist. Do you know Dr. Zimmer? I mean do you know his work?"

"No, I've only met him once," Lawrence frowned. "He's pleasant and plausible. Essentially a woman's psychiatrist, I should say."

"He has male patients—Brinsley Shaw for one."

"Brinsley isn't very male. I wonder sometimes if Zimmer is really doing Perditia any good. It was I who urged her to go to a psychiatrist. She was too emotional, too sensitive. Rosamund recommended Zimmer and Perditia's been his patient for three months now, but she's no better. She's worse."

"That's the beginning of cure sometimes, but . . . You should have a talk with Zimmer."

"I can't talk to him. He's not my sort. It's asking a great deal on such short acquaintance, but I wonder if you would talk to him for me?"

"I'll be glad to, but the best way is to ask Zimmer to call me into consultation."

Lawrence frowned. "I'll do that."

Tells Exchanges And Jaycees How Telephones Work

The way the Illinois Bell Telephone company sends voices here and there was explained to the Exchange club and its guests, the Jaycees, Monday evening at the Dunlap hotel. The speaker was W. Fred Wiedemann of the company's information department in Chicago.

Six hundred conversations and 12 television programs can be transmitted simultaneously on one microwave, he stated, and one coaxial cable can carry a number of voices and television broadcasts. The microwave and cable are ordinarily used together, he said.

The cable is made of copper tubes, with a copper conductor in the center, acting as axis. He demonstrated the use of microwave, an electronic device regulated with frequencies and receiving apparatus.

He told of the towers which relay voices on to other towns. The voices are sent by beams, he said, and the beams must be reflected to pass around or over obstructions. Wiedemann showed a model 500, a new telephone built as an experiment in his company's laboratory. Its ring can be softened if the user prefers.

He spoke of the tube similar to one in a radio, which is used to amplify telephone conversations, and he mentioned the transistor, hardly large enough to see, which can take the place of the tube. The tiny invention is at present used only for military service, he said.

Odell Pellhauer, who had charge of the evening's program, presented the speaker, Eugene Clark is program chairman for the month.

Paul Wahl and Alden Pires were welcomed as new Exchanges during the meeting conducted by Wally Baptist. Guests besides the Jaycees were W. O. Randall and son, Mark, Bill Hoxworth and Ray Ratcliff of Chicago.

As the meeting drew to a close, Bob Spink, vice president of the Jaycees, was introduced to the Exchanges. The Jaycees' president, Jack Mathews, was out of town.

The program ended with group singing of "God Bless America," led by Harold Kamm and accompanied by Clarence Richardson at the piano.

Maxine Roate, James Crow Wed In Pike County

Chambersburg — Miss Maxine Roate became the bride of James Crow Saturday afternoon at two o'clock at the country home of her parents, Mr. and Mrs. Roy Roate. The double ring ceremony was read by Rev. Clarence Holsley of the local church, in the presence of the immediate family of the bride and guests, Mr. and Mrs. Archie Thompson and Mr. and Mrs. Dale Pool.

The bride's brother and sister, Kenneth and Marilyn, attended the couple.

Mr. and Mrs. Crow are graduates of Chambersburg high school.

Crow has spent four years in the Navy, was discharged about a month ago. Mrs. Crow attended Gem City Business College in Quincy and has been employed in the office of the secretary of state at Springfield for the past few years.

For her wedding the bride chose an aqua nylon with white accessories and a corsage of red roses.

Crow wore a gray summer suit and a white carnation boutonniere. Kenneth Roate was in uniform as he is on furlough, having recently returned from Korea.

The bridesmaid wore a sheer dress of pale green. Following the ceremony punch, bridal cake and ice cream were served.

The young couple spent the weekend in St. Louis and are now housekeeping on the farm of Mr. and Mrs. Archie Thompson.

Meredosia Board To Enforce Rules About Garbage

Meredosia—The village board of Meredosia recently to discuss the old problem of dumping garbage.

Although a special plot of ground for dumping was donated last year by the Woman's club, some people have been cluttering public roads and property with debris.

The board states that anyone found doing so in the future will be prosecuted by either village authorities or district road commissioners.

At their last meeting the village board hired a full-time police officer, Angus "Pete" Powers, to replace L. Martin, who resigned.

The village board will hold its next meeting on June 2 at the city hall.

Want Passavant Aid

New School District Created In Election

A vote of 605 to 40 Monday afternoon prepared the way for the formation of a Meredosia and Chambersburg community unit school district, No. 11. A majority of favorable ballots in Meredosia, in the Pike county area and in nearby rural areas of Morgan and Cass counties was necessary to carry the proposition.

The polls were open from noon until 7 p.m. Residents of Chambersburg, in Pike, voted 130 for and 26 against the idea. In the Meredosia precinct the vote was 290 for, 11 against. There were 185 votes cast for the new unit, three against it in the rural Morgan-Cass area.

The next step in the creation of the unit is the filing of petitions with John Deem for prospective members of a board of education. The petitions must be filed by 4 p.m. Friday.

To Select Board In June
Saturday, June 7, has been set as the date for the board election. Seven members will be chosen to the board of the new district.

Leading up to Monday's election were Meredosia's withdrawal from consolidated community unit 27, and Chambersburg high school's decision to unite with the other town. The Chambersburg school was faced with the possibility of annihilation. Because of its small enrollment it might have been closed by state law.

The Morgan and Cass area was formerly a part of the Meredosia community high school district. Abolishes Other Districts

The creation of the new district automatically abolishes all common school districts previously formed in the area affected.

The new board will probably decide that students will attend the high school at Meredosia. Grade schools will be operated both at Meredosia and Chambersburg.

The decision of the voters has created a fourth community unit district in Morgan county. The other three are Waverly, Alexander-Franklin-Nortonville, and Arenzville-Concord-Chapin, the unit from which Meredosia withdrew.

Mound Club Hears Program Of Music By ISB Students

The Mound Woman's County club held its May meeting at the Wesley Chapel social room with Mrs. R. G. Vasey as hostess. A program of music was heard.

Mrs. Leon Stewart, president, conducted the business session. Mrs. Louis Perbix led in prayer. Miss Ina Stewart read the secretary's report. Mrs. Arthur Acom the treasurer's.
